September 24	March 18
October 22	April 22
November 26	May 13
December 10	June 24

EMERGENCY CLOSING OF SCHOOLS

There are many factors taken into consideration when the decision to close schools must be made because of inclement weather or other emergency situations. The safety of students is the primary concern in any emergency closing.

Occasionally conditions allow the decision to be made well in advance of the next school day, but usually the decision is made during the early morning hour. Every effort is made to determine an emergency closing no later than 6:30 a.m. whenever possible. When possible, a delayed opening of schools will be arranged. As soon as an emergency closing or delayed opening is determined, the information is recorded on the weather line and radio and television stations are notified. The District’s automated calling system will also be activated to notify parents, students, and staff of school closing. **Please make sure the school office has your current phone number.**

If emergency situations arise, the safety of students *may* require an early dismissal of school. In that event, it is important that students, particularly younger children, understand what to do and where to go if adults are not at their homes.

When schools are closed because of weather or other conditions, evening classes and activities may be canceled depending on the circumstances. No media announcement will be made when school is open as usual.
